

To Whom it May Concern:

I highly recommend Taylor Del Vecchio as a candidate for employment. Taylor was employed by Genesys Works and contracted to work at Cargill, Inc. as a Global IT Intern from August 2015 – June 2016. She obtained the role of a SharePoint Solution Analyst. Taylor was responsible for consulting with Cargill employees to provide "out of the box" SharePoint solution designs in lieu of unnecessary customizations. She also helped in promoting SharePoint best practices which allowed users to adopt and thrive.

Taylor is extremely organized, knowledgeable, reliable and computer literate. In addition, she has excellent communication skills. Taylor can work independently and is able to follow through to ensure that the job gets done. She is flexible and willing to work on any project, task or assignment given to her.

Taylor would be an incredible asset for any organization and she has my highest recommendation! If you have any further questions with regard to her background at Cargill or our working relationship, please do not hesitate to call me.

Sincerely,
